DYSPEPSIA .- There is perhaps no disease which destroys the happiness and comfort of individuals and families to the same extent as Dyspepsia and Indigestion. Previously to the discovery of the

OXYGENATED BITTERS.

there existed no medicine accessible to those suffering from this wide-spread disease, which relieved it in any marked degree. The power of these Bitters over the above named disease, as well as over those having their origin in an imperfect digestion, and functional diseases of the stomach, as well as Asthma and Gen

eral Debility, is beyond all queetion. Its speedy and permanent cures of some of the severest and stubborn cases on record is sufficient confirmation of this fact.

We call the attention of the reader to the following letter from President Smith, of Wesleyan Uni-

MIDDLETOWN, CONN., Feb. 28. 1859.

S. W. Fossie & Co.; Gentlemen: I first made use of the Oxygenared Birrens some seven or eight years since. Having suffered for twenty years with a form of Dyepspeia, which was attended with a nervous headache, on an avera e of not less than one day in a week, I was induced by the unpretending recommendation of Dr. Green, to try one bottle and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial, to the extent of some three or four. with a careful observance of the accompanying directions The result was an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters proluced an entire change in the habits of my system and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsis as most persons. These Bitters have als been of service to other members of my family. Very respectfully, yours,

I think me one ever suffered more severely from the disease than I have during the last three years. Very truly yours, SUSAN R. LANE.

Dear Sir, - Having a badly sprained wrist, I was induced to use your Rheumatic Limiment. A few applications entirely cured the sprain. It is my opinion that your Limment, in its power of healing eprains, stands at the head of all Liminierts and Lettons. I have no doubt that your Limitent is also good for Rheumatism, Neuralgia, and all other purposes for which it is recommended. Very respectfully yours, A. W. BUTTRICK. I. T. BILLINGS, Lowell, Mass.
